Notes to the Financial Statements For the Year Ended 30 June 2019

Note 1: Statement of Significant Accounting Policies

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Urgent Issues Group Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Associations Incorporation Act 1991 (ACT).

The financial report covers Australian Institute of Administrative Law as an individual parent entity and Australian Institute of Administrative Law and controlled entities as an economic entity. The Australian Institute of Administrative Law Incorporated is an association incorporated in the Australian Capital Territory under the Associations Incorporation Act 1991 (ACT).

The financial report of the association as an individual entity complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) in their entirety.

The following is a summary of material accounting policies adopted in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Basis of Preparation

Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, and financial assets and financial liabilities for which the fair value basis of accounting has been applied.

(a) Principles of Consolidation

A controlled entity is any entity controlled by the Australian Institute of Administrative Law. Control exists where Australian Institute of Administrative Law has the capacity to dominate the decision-making in relation to the financial and operating policies of another entity that operates with Australian Institute of Administrative Law to achieve the objectives of the Australian Institute of Administrative Law.

All inter-entity balances and transactions between entities in the economic entity, including any unrealised profits or losses, have been eliminated on consolidation.

Where a controlled entity has entered or left the economic entity during the year, its operating results have been included from the date controlled was obtained or up to the date control ceased.

**Australian Institute of Administrative Law
Incorporated and Controlled Entities**

Notes to the Financial Statements For the Year Ended 30 June 2019

Note 1 : Statement of Significant accounting Policies(Cont'd)

(b) Income Tax

No taxation has been provided for as the association is exempt from income tax under Section 50-5 of the Income Tax Assessment Act 1997.

(c) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

(d) Revenue

Revenue from the sale of goods is recognised upon delivery of goods to customers.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

(e) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expenses. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(f) Financial Instruments

Recognition

Financial instruments are initially measured at cost on trade date, which includes transactions costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

**Australian Institute of Administrative Law
Incorporated and Controlled Entities**

Notes to the Financial Statements For the Year Ended 30 June 2019

Note 1 : Statement of Significant accounting Policies(Cont'd)

(f) Financial Instruments(Cont'd)

Financial liabilities

Non-derivative financial liabilities are recognised at amortised costs, comprising original debt less principal payments and amortisation.

Impairment

At each reporting date, the association assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the income statement

(g) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(h) Critical accounting estimates and judgements

The directors evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the association.
